RE: Persian Thanks

Ms. Zahir:

Together we were able to assist many homeless people have a wonderful Thanksgiving meal. With the assistance of PAAIA and their sponsors we were able to feed nearly 90 homeless adults. All that attended the event enjoyed the great food and for some of them it was the very first time they ever ate Persian food, so that was a nice treat for them.

Thanksgiving is a great American holiday that should be enjoyed by all and if not for the special kindness of PAAIA our homeless clients may have not received a tasteful, warm, holiday dinner.

Again, PAAIA thank you for sharing your wonderful Persian cuisine with us. I hope this is a beginning of wonderful future collaboration between our two agencies.

Sincerely,

James Ramirez

Resident Services Program Manager
